DOCKET FILE COPY ORIGINAL

Dear Mr. Crawford:

This is in response to your petition for rule making proposing the allotment of Channel 222A at Carter, Oklahoma, as the community's first local aural transmission service.

Your proposal is unacceptable for consideration at this time. Our engineering analysis indicates that the specified coordinates (35-10-30 NL and 99-24-00 WL) for Channel 222A at Carter are short-spaced to your previous filed petition for rule making requesting the allotment of Channel 224A at Lone Wolf, Oklahoma in MB Docket No. 04-303. *See Lone Wolf, Oklahoma*, 19 FCC Rcd 15303 (MB 2004). There is no final disposition in that rulemaking proceeding because a *Report and Order* has not been issued. As such, it is our policy to return rulemaking proposals that are contingent upon other rulemaking proceedings, unless the decision for a particular proceeding is effective but not final. *See Auburn et al.*, 18 FCC Rcd 10333 (MB 2003).

Based on the above, we are returning your proposal for Carter, Oklahoma. You may resubmit the petition, provided your proposal meets all of the minimum spacing requirements of Section 73.207 (b)(1) of the Commission's Rules.

Sincerely,

John A. Karousos
Assistant Chief, Audio Division
Media Bureau

Enclosure

Amendment of 73.202 (b)) MB Docket No. _____
Table of Allotments)
FM Broadcast Stations)
(Carter, Oklahoma))

To: John Karousos, Chief
Allocations Branch
Mass Media Bureau

PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 222A at Carter, Oklahoma.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 222A to Carter, Oklahoma as that community's first service. Carter, Oklahoma is an incorporated community with a population of 254 people.¹ Carter has its own post office, its own volunteer fire department, its own mayor and its

¹ U.S. Census 2000

own schools, the Carter Elementary School and Carter High School. Additionally, Carter has a number of local churches. The proposed channel 222A will provide additional diversity and an outlet for local self-expression to Carter residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 222A can be allocated to Carter, Oklahoma consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

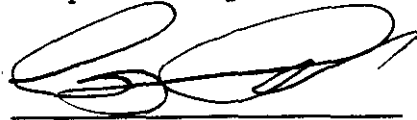

Reference coordinates for Channel 222A at Carter, Oklahoma are:

35 10 30 N
99 24 00 W

Should this petition be granted and Channel 222A be allotted to Carter, Oklahoma, Petitioner will apply for Channel 222A, and after it is authorized, will promptly construct the new facility.

The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

Charles Crawford
